# OVERVIEW

Elevate Your Drone Skills with a Globally Recognized Certification. Are you ready to take your drone piloting skills to the next level? Look no further.

Precision Field Academy is excited to introduce the A2 C of C (UKCAA Certification) Training - an advanced course that empowers you with globally recognized professional certification from the United Kingdom Civil Aviation Authority (UKCAA)

**Global Recognition:** Our training is conducted in partnership with UAVHub, the largest drone training school in the UK. Upon successful completion, you'll receive a UKCAA licensed drone pilot certification, opening doors to international opportunities.

**Convenient Learning:** Enjoy the flexibility of 100% online learning. With our market leading video modules, you'll have approximately 6 hours of high-quality, on-demand video at your fingertips.

**Mock Exams for Confidence:** Our dedicated revision module and mock theory exams ensure you're thoroughly prepared. You can take these exams at your own pace until you're comfortable with the material.

**Remote Theory Examination:** Book your A2 Theory Examination online with our remote invigilators. This 30-questions, multiple-choice, closed-book examination takes a maximum of 75 minutes and can be scheduled to suit your convenience.

**Electronic Certification:** Once you successfully complete the exam, you'll receive an electronic CAA A2 C of C Certificate, valid for 5 years

**Note: This is a UK Civil Aviation Authority authorised licensing course for drone operators**
